
Ella Emery - Ukulele | Piano | Early Years | Flute | SEN

I graduated with a first class honours degree in Music in 2013 and have since been working with children and adults with Autism, learning disabilities and dementia. Music is an excellent way of communicating and I believe learning an instrument or engaging in music opens up this opportunity.

My first study is the flute and I play a lot of improvised music with small ensembles. Continuing my own musical journey, I am training as a Music Therapist. I am passionate about giving my students well-rounded musicianship: playing, listening, reading music and making their own music. This can be at any level, you're never too young or too old to start!

I started working with Music House for Children in September 2018 and enjoy the playfulness of the lessons.
